

THE 20TH PLANOVATM WORKSHOP

PRAGUE, 9-10 NOVEMBER 2017

Dear Valued Customers,

A Happy New Year!!!

Asahi Kasei Bioprocess Europe Team extends the best wishes on your good health and success in 2017!

We are pleased to provide you hereby with information on next PlanovaTM Workshop.

The 20th PlanovaTM Workshop **Intercontinental Prague, Czech Republic** **The 8th (registration), 9th and 10th November 2017**

Brussels, 4 January 2017

This workshop will contain presentations on viral filtration theory and practice as well as industry-based applications and results including a preview on strategic application of our products. It will be an excellent opportunity to gain insights and learn advanced techniques that can be applied to your process.

Distinguished users of PlanovaTM and BioEX, with direct experience in use of virus removal filters, process scale-up and bioprocess technology as applied to biological products will share their experience in DSP as well as in USP. There will be updates from authorities. Our global team will provide an exclusive view into our product pipeline.

Asahi Kasei Bioprocess Europe is organizing the 20th PlanovaTM Workshop in the beautiful city of Prague. You will receive further information on the programme, venue, registration and accommodation in our second announcement to be issued in coming months but please do not wait for it but **BLOCK THE DATES NOW** in your brand new agenda!

Last but not least, the presentations from the 19th PlanovaTM Workshop 2016 held in Philadelphia, USA, are already available on our website. Please click on the following link and proceed to log in.
